

Joel's Story

We did not have any experience working with Cosmo participants before, but after Joel spent some time at the store we realized this would be a rewarding experience for both of us. Rewarding, in seeing him grow as a person and an employee, developing new skills and confidence in his abilities, and learning how to best work with his strengths – his caring personality, attention to detail and big, friendly smile.

As much as we have taught him about working in our store, Joel has taught the rest of us a lesson that is just as important - how to find happiness in our daily work. Both of us have grown wiser and better from the experience, and we are thankful for the time Joel has, and continues, to spend with us.

Carl Dyck - Dad's Organic Market

**You provide
the Opportunity,
We provide:**

Complete job training by our Job Coaches

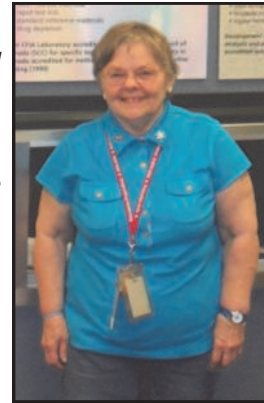

Ongoing training and support for
employees and employers

Commitment to meeting your needs

Testimonials

"She is an enthusiastic, hard working and diligent employee who has rarely missed a days work in over 13 years of service..."

Irene Howe
NRC Plant
Biotechnology Institute

"The work ethic and zest that he displays for every task placed upon him has increased the performance of the entire staff. If you need a cure for low morale or staff work ethic, I recommend contacting Supported Employment at Cosmo."

An Under-utilized Resource

Adults with intellectual disabilities want to use their efforts and dedication to make a difference for their neighbours in Saskatoon. The goal of Cosmo's community based employment programs is to enable our participants to contribute to the success of your business while providing a better, a more meaningful and a more productive life for themselves.

Cosmopolitan Industries has over 40 years of experience in providing supports for this segment of society. The placement you provide for a participant is backed by the knowledge, training and experience of our job coaches.

Our participants are among the most enthusiastic and highly motivated workers you'll ever encounter.

Leading the Way

Cosmopolitan Industries provides day programs for 400 adults with intellectual disabilities. Due to the involvement of a multitude of partners, many of our participants work in the community. Below is a small sample of our past and present partners who are leaders in providing opportunities for differently-abled citizens.

Tim Hortons
